 Given this was a class dedicated to our senior projects, Professor Kim always made sure we were on the right track and that we were going to get everything submitted to the gallery in time. She is always extremely helpful in everything and is always there whenever we have questions. She also keeps the course material always organized and very clear for us to understand.

 I don't really have anything to say, this was a nice course to take and the professor is very kind and helpful, as always
