Comments

- Even before going online, most of the instruction was done by tutorials online, rather than th professor. I feel as though I paid to be taught be the teacher, not to sit in class and watch videos I could watch at home
- Professor Kim did an excellent job transferring over to online schooling this semester. She was always available via email and was always willing to help students on Zoom calls. Great course. Great Professor. Thank you for a great semester Professor Kim! This was a class that I took out of curiosity, after taking similar courses in high school. I learned a lot more just by taking this class! -Lien C
